# What is a Dazzle Activity Pack?

Dazzle has been running children's holiday clubs, birthday parties, playgroup and primary school courses since 2005. We know what kids love doing, how to inspire them and we are passionate about the role creativity plays in a child's life.

- A Dazzle Activity Pack is an exciting and unique mix of themed creative, educational and fun activities and includes a selection of:
- Hand made dressing up items and props to enjoy make believe and a little escape from reality
- Selection of quality craft activities to create, play with and proudly display
- Interactive games such as treasure hunts or bingo to play with family or friends again and again
- Colouring books and puzzles
- Links to action songs, dance routines and further themed craft ideas

The packs are ideal for kids at home, sleepovers, weddings, travelling, family occasions, birthdays, holidays or simply rainy days.

The packs are aimed at primary aged children to use independently but younger pre-school children, with a little help setting up and explaining a game or getting a craft activity started, will love and enjoy these packs too!

All you need are the basics such as scissors, a glue stick and some colouring pens or paints.

80%-95% of the packaging, tape, equipment and craft activities are recyclable or compostable.

Selected Activity packs include a fantastic themed treasure hunt to set up around your home. 5% of the purchase cost will be donated to Child.Org
