# PLASTIC FREE

Dazzle is proud to receive a Plastic Free Champion award from  
@surfersagainstsewage

When planning craft activities and creating new equipment I will brainstorm how I can up cycle items, try to prioritise them to be compostable or recyclable and if I can source the items locally and sustainably. From creating tablecloths and bunting from unwanted duvet covers, providing a compost bin for food waste at parties, using plastic free sellotape, refillable cleaning products and recycling soft plastics, by choosing Dazzle you are making a difference to plastic waste and pollution too!
